

GB Industries Electrical Contractors Pty Ltd

Workplace Health & Safety Policy

It is GB Industries policy that each of its employees, contractors and visitors will be provided with a safe and healthy place in which to work and that the organisation undertakes all of its work with due consideration to occupational health and safety issues. To achieve this GB Industries is committed to making every reasonable effort in the areas of accident prevention, hazard identification and control, injury protection and health preservation.

Consistent with this approach, we will:

- Comply with all applicable occupational health and safety acts, regulations, standards such as ISO 45001 and codes of practice and apply standards which reflect GB Industries commitment to health and safety;
- Communicate this policy to employees and contractors and require them to comply with it and all relevant legislative and regulatory requirements;
- Implement a system which identifies, assesses, monitors and controls risk with the aim of eliminating injury and illness in the workplace;
- Establish clear safety plans, measure performance, review progress against measurable objectives in monthly Office Meetings and quarterly Safety Committee Meetings and consistently strive for excellence;
- Provide ongoing safety training for all employees and contractors in regularly held Toolbox Meetings;
- Review this policy annually in consultation with GB Industries staff;
- Hold individuals accountable for their obligations and areas of responsibility.

Signed:

Gavin Waring
